Curriculum Vitae

Ali Nafisi

Master's student in Artificial Intelligence

alinafisi@uok.ac.ir safinal.github.io linkedin.com/in/safinal Google Scholar

EDUCATION

Bu-Ali Sina University *September 2023 - Present*

M.Sc. in Artificial Intelligence

University of Kurdistan *September 2019 - July 2023*

B.Sc. in Computer Engineering

GPA: 17.64/20.00 | 3.65/4.00 (Rank 5 among 55 students)

- *Thesis*:
  Reinforcement Learning-Based Autoscaling Mechanism For Edge Computing Systems

- *Notable Courses*:
  Artificial Intelligence: +95%, Data Mining: +95%, Biomedical Data Science: 100%

Publications

- *Elastic Deep Autoencoder for Text Embedding Clustering by an Improved Graph Regularization (Journal: Expert Systems with Applications), 2023.*

HONORS AND AWARDS

- **One of the top winners** of the Irancell Labs Artificial Intelligence Hackathon, 2023.
- **Rank 3** in the 28th Computer Engineering regional olympiad (Region 5), 2023.
- **Rank 1** in the 27th Computer Engineering regional olympiad (Region 5), 2022.
- **Qualifying and participating in the ICPC 2020 regional contest (Asia Region), 2020.**

PROFESSIONAL EXPERIENCE

Quera, Tehran - *Course Instructor* *March 2021 - December 2021*

- *Create and optimize courses tutorials*
- *Design problems for programming contests and develop unit tests for them to judge the submitted codes of the students automatically*
- *Help students to debug their codes and solve their issues*

Certifications

Deep Learning Specialization - *DeepLearning.AI* *September 2023*

Project-Oriented Course In Machine Learning With Python - *Quera College* *September 2023*

Mathematics for Machine Learning and Data Science - *DeepLearning.AI* *July 2023*

Reinforcement Learning Specialization - *University of Alberta* *May 2023*

Machine Learning Specialization - *DeepLearning.AI* *September 2022*

Task-Oriented Course In Data Analysis With Python - *Quera College* *September 2022*

Projects

FTP Implementation with Socket Programming *March 2022*

- *Python*

Passenger Reservation *May 2021*

- *Python, Django*

ACADEMIC EXPERIENCE

University of Kurdistan - *Teaching Assistant* *Spring 2023*

- *Teaching Assistant of Natural Language Processing with Dr. Fateme Daneshfar*

University of Kurdistan - *Teaching Assistant* *Spring 2023*

- *Teaching Assistant of Advanced Computer Networks with Dr. Sadoon Azizi*

University of Kurdistan - *Teaching Assistant* *Spring 2023*

- *Teaching Assistant of Discrete Mathematics with Dr. Vahid Khodamoradi*

University of Kurdistan - *Teaching Assistant* *Fall 2022*

- *Teaching Assistant of Artificial Intelligence with Dr. Fardin Akhlaghian*

University of Kurdistan - *Teaching Assistant* *Spring 2022*

- *Teaching Assistant of Design and Analysis of Algorithms with Dr. Amanj Khorramian*

SKILLS AND QUALIFICATIONS

- **Programming Languages and Technologies:**
  Python, Java, SQL, Git
- **Libraries:**
  Pytorch, Tensorflow, Scikit-learn, Numpy, Pandas, Matplotlib
- **Web Development:**
  HTML, CSS, JavaScript, Django
