Curriculum Vitae

# Ali Nafisi

## Master's student in Artificial Intelligence

a.nafisi@eng.basu.ac.ir safinal.github.io linkedin.com/in/safinal github.com/safinal
alinafisi@uok.ac.ir Google Scholar

## EDUCATION

**Bu-Ali Sina University** *September 2023 - Present*

*M.Sc. in Artificial Intelligence*

- **GPA:** 20.00/20.00 | 4.00/4.00 (Rank 1)
- *Notable Courses*:

  Digital Image Processing: 100%, Evolutionary Computation: 100%, Machine Learning: 100%

**University of Kurdistan** *September 2019 - July 2023*

*B.Sc. in Computer Engineering*

- **GPA:** 17.64/20.00 | 3.65/4.00 (Rank 5 among 55 students)
- *Thesis*:
  **Reinforcement Learning-Based Autoscaling Mechanism For Edge Computing Systems**
- *Notable Courses*:

  Artificial Intelligence: +95%, Data Mining: +95%, Biomedical Data Science: 100%

## Publications

- *Elastic Deep Autoencoder for Text Embedding Clustering by an Improved Graph Regularization (Journal: Expert Systems with Applications), 2023.*

## HONORS AND AWARDS

- **Rank 2 in the final contest of the Large Language Model Hackathon, 2024.**
- **One of the top winners** of the **Irancell Labs Artificial Intelligence Hackathon, 2023.**
- **Rank 3** in the 28th Computer Engineering regional olympiad (Region 5), 2023.
- **Rank 1** in the 27th Computer Engineering regional olympiad (Region 5), 2022.
- **Qualifying and participating in the ICPC 2020 regional contest (Asia Region), 2020.**

## PROFESSIONAL EXPERIENCE

**Quera, Tehran** - *Course Instructor* *March 2021 - December 2021*

- *Create and optimize courses tutorials*
- *Design problems for programming contests and develop unit tests for them to judge the submitted codes of the students automatically*
- *Help students to debug their codes and solve their issues*

## Certifications

**TensorFlow Developer Specialization** - *DeepLearning.AI* — *November 2023*

**Deep Learning Specialization** - *DeepLearning.AI* — *September 2023*

**Mathematics for Machine Learning and Data Science** - *DeepLearning.AI* — *July 2023*

**Reinforcement Learning Specialization** - *University of Alberta* — *May 2023*

**Machine Learning Specialization** - *DeepLearning.AI* — *September 2022*

**Task-Oriented Course In Data Analysis With Python** - *Quera College* — *September 2022*

## Projects

**Denoising Framework** — *March 2024*

**Solving the Cones Problem with a Multiobjective Evolutionary Algorithm** — *March 2024*

**Clustering Algorithms Comparison** — *January 2024*

**Solving TSP with an Evolutionary Algorithm** — *December 2023*

## ACADEMIC EXPERIENCE

**Bu-Ali Sina University** - *Teaching Assistant* — *Spring 2024*

- *Teaching Assistant of Digital Image Processing with Dr. Hassan Khotanlou*

**Bu-Ali Sina University** - *Teaching Assistant* — *Spring 2024*

- *Teaching Assistant of Applied Machine Learning with Dr. Muharram Mansoorizadeh*

**Bu-Ali Sina University** - *Teaching Assistant* — *Fall 2023*

- *Teaching Assistant of Artificial Intelligence with Dr. MirHossein Dezfoulian*

**University of Kurdistan** - *Teaching Assistant* — *Spring 2023*

- *Teaching Assistant of Natural Language Processing with Dr. Fateme Daneshfar*

**University of Kurdistan** - *Teaching Assistant* — *Spring 2023*

- *Teaching Assistant of Advanced Computer Networks with Dr. Sadoon Azizi*

**University of Kurdistan** - *Teaching Assistant* — *Fall 2022*

- *Teaching Assistant of Artificial Intelligence with Dr. Fardin Akhlaghian*

## SKILLS AND QUALIFICATIONS

- **Programming Languages and Technologies:**
  Python, Java, SQL, Git

- **Libraries:**
  Pytorch, Tensorflow, HuggingFace, Scikit-learn, OpenCV, Numpy, Pandas, Matplotlib
- **Web Development:**
  HTML, CSS, JavaScript, Django
